28th Annual FOPCON Plant Sale

We're Back! Every year as I update our welcome message to our fellow gardeners I take a nice deep breath and feel both a sense of relief and anticipation for this year's sale. We are so far along in all our preparations that we're literally watching our plants grow in their pots and feeling rather smug about another job well done. All the planning, ordering, spreadsheet manipulations and meetings come down to the wonder of a tiny seed taking root and growing into a beautiful healthy plant that you will find waiting for you at this year's sale. Please join us in welcoming this year's beautiful crop and happy planting from all of us at FOPCON!

Our catalog is arranged according to three main categories (the Edible Garden, the Ornamental Garden, and the Shade Garden). Within those three categories, plants are listed in alphabetical order according to their botanical name. This listing corresponds to the layout of the plants on the tables at the sale. We offer our plants in a variety of sizes; from a 4-pak of seedlings to 4 inch pots up to tall quart-size containers. All pricing is noted in the catalog and those prices are indicated by the presence of a solid-colored tag in each container. While we strive to keep the accuracy of the catalog as high as possible, please note that prices, container sizes, and availability of plants are subject to change up to and including the sale days.

Pricing information:	Yellow tag	\$4
	Blue tag	\$6
	Red tag	\$10
	Green tag	\$15

This annual sale is presented by the Friends of the Oak Park Conservatory with the help of many dedicated volunteers. Your support helps the Friends provide quality educational programs, community events and other support for the historic Oak Park Conservatory.

A special thank you to Allice Tulley for the cover artwork – another example of the many talents of our volunteers!

We are asking our loyal (and new) customers to please bring their own boxes or trays to transport their purchases home. We were unable to store our stash of cardboard boxes that we have gathered from local liquor purveyors in previous years and will therefore have a limited supply of boxes this year. The best recycling is reusing a box that you already possess. Thank you for helping out.

See you at the sale!
Plant Sale Committee 2017

The Oak Park Conservatory is a historic property of
the Park District of Oak Park, listed on the National
Register of Historic Places.

THE EDIBLE GARDEN

Plants in the first section of the sale belong in the edible garden. Some are used as flavorings or garnishes, but, in one way or another, all belong on your plate.

Edible flowers such as calendula and pansy are included here. Also included are plants that attract pollinators or discourage pests. All require at least six hours of sun each day. Some may survive with less sun, but flowers and fruit will be more abundant if grown in sun.

HELP OUR SALE HELP THE ENVIRONMENT. PLEASE BRING PLASTIC FLATS OR STURDY CARDBOARD CONTAINERS TO CARRY YOUR PURCHASES.

Abelmoschus esculentus

OKRA 'CLEMSON SPINELESS'

Very productive variety is a real edible ornamental. Pretty pale yellow flowers are followed by slender pointed pods. Harvest pods at three inches-if left longer, they will toughen and reduce flowering. Use in stir-fry, soups, stews, and pickles.

Life Cycle: Annual Light: Sun Height: 36-48 in Pot: 4 inch \$4

Allium porrum

LEEK 'AMERICAN FLAG'

Compact stem thickens but does not form a bulb as does its relative, the onion. Delicate flavor; can be grilled, sauteed or eaten raw. Hilling with soil extends growth of tender white portion. Leeks are cold-tolerant and can be left in the ground for fall harvest.

Life Cycle: Annual Light: Sun Height: 10 in Pot: 4 pak \$4

Allium schoenoprasum

CHIVES

Gardeners have grown this essential kitchen herb for over 5000 years. Lilac flowers are pretty in tiny bouquets, tasty in salads and as a flavoring for vinegar. Chopped leaves flavor eggs, soups, vegetable and cheese dishes, vinegars and butters.

Life Cycle: Perennial Light: Sun Height: 12 in Pot: 4 pak \$4

Aloysia triphylla

LEMON VERBENA

Strong lemon-scented leaves are a substitute for lemon in hot tea. Excellent for potpourri or sachets. Pretty container plant can become a houseplant in winter.

Life Cycle: Tender perennial Light: Sun Height: 18-24 in Pot: 4 inch \$6

Anethum graveolens

DILL, BOUQUET

Early flowering with large umbels and dark green foliage. Used to flavor many foods from seafood to salads to meats.

Life Cycle: Annual Light: Sun Height: 30 in Pot: 4 inch \$4

Artemesia dracuncululus

TARRAGON, FRENCH

Strongly scented leaves can be used in chicken and lamb dishes and in sauces such as hollandaise and mousseline. Makes an excellent flavored vinegar. Good container plant. Bring into the house in winter. Prefers afternoon shade.

Life Cycle: Tender perennial Light: Sun Height: 24 in Pot: 4 inch \$6

Asparagus officinalis

ASPARAGUS 'JERSEY KNIGHT'

Productive male strain requires careful planting and will need at least two seasons to establish. Detailed planting and care instructions will be attached to each packet of crowns.

Life Cycle: Perennial Light: Sun Height: 36 in Pot: pkt. of 3 crowns \$10

Beta vulgaris

SWISS CHARD 'BRIGHT LIGHTS'

Pretty and tasty. Stems may be red, gold, pink or white. Young leaves are great in salads. Mature leaves and stems delicious in stir-fries.

Life Cycle: Annual Light: Sun Height: 20 in Pot: 4 pak \$4

Borago officinalis

BORAGE

Easy growing, freely seeding annual with vivid blue, star-shaped flowers. Grow in vegetable gardens to attract pollinating bees. Especially good companion to strawberries, squash and tomatoes. Said to deter tomato hornworm and improve tomato flavor.

Life Cycle: Annual Light: Sun Height: 12-20 in Pot: 4 pak \$4

Brassica oleracea

BROCCOLI 'WALTHAM'

Sturdy plants support 5-6 inch flavorful dark blue-green heads and lots of side shoots. Grown from organic seed. May flag in midsummer heat; produces well in cooler fall weather.

Life Cycle: Annual Light: Sun Height: 20 in Pot: 4 pak \$4

Brassica oleracea

BRUSSELS SPROUTS 'LONG ISLAND'

Introduced in 1890's. Yields 50+ sprouts over extended period. More delicious after first frost.

Life Cycle: Annual Light: Sun Height: 24 in Pot: 4 pak \$4

Brassica oleracea

KALE, LACINATO

Italian heirloom is as beautiful as it is tasty. Blue-green leaves are heavily crinkled. Tiniest leaves can be added to summer salads.

Life Cycle: Annual Light: Sun Height: 24-36 in Pot: 4 pak \$4

Brassica oleracea

KALE, RUSSIAN RED

Tender, mild-flavored heirloom is tasty and beautiful. Oak type leaves have a red fringe; stems are purplish-red. Turns purple in cold weather. Surprisingly, big leaves are tender.

Life Cycle: Annual Light: Sun Height: 12-24 in Pot: 4 pak \$4

Brassica rapa subsp. chinensis

PAK CHOI 'TOY CHOI'

Dwarf Chinese cabbage. Tiny bunches of crisp white stalks with tender green leaves. Taste great sauteed, roasted or raw.

Life Cycle: Annual Light: Sun Height: 4-5 in Pot: 4 pak \$4

Calendula officinalis

CALENDULA 'BON BON MIX'

Bright 3" double flowers on bushy plants are daisy-shaped in apricot, orange and yellow, blooming early from spring well into summer. The edible petals provide a finishing touch to summer dishes.

Life Cycle: Annual Light: Sun Height: 12 in Pot: 4 pak \$4

Capsicum annuum

PEPPER, JALAPENO 'EARLY HOT'

Ripens before other jalepenos. Fruits are 2 1/2 inches long, 1 inch wide and turn from dark green to red when mature. Good pickled, in salsa, and in any dish that needs some heat. Compact variety from Mexico.

Life Cycle: Annual Light: Sun Height: 24 in Pot: 4 pak \$4

Capsicum annuum

PEPPER, POBLANO

Mildly pungent with a sweet flavor. Dark green to red large fruits mature early. Vigorous, sturdy plants with good foliage cover. Thick-walled fruits are ideal for stuffing, roasting, in rellenos, or dried.

Life Cycle: Annual Light: Sun Height: 24 in Pot: 4 pak \$4

Capsicum annuum

SHISHITO PEPPER 'MELLOW STAR'

Heavily wrinkled, thin-walled Japanese pepper is mild when green and slightly sweet when red. Thin walls make it a good choice for tempura. Thinly sliced red fruits are excellent in salads and cole slaws. Large upright plants.

Life Cycle: Annual Light: Sun Height: 24-30 in Pot: 4 pak \$4

Capsicum annuum

SWEET PEPPER 'ACE'

Early, highly productive standard. Medium-sized, 3 to 4-lobed red fruit. Nearly every blossom produces a pepper.

Life Cycle: Annual Light: Sun Height: 18-24 in Pot: 4 pak \$4

Capsicum annuum

SWEET PEPPER, BANANA

Large pointed fruits measure 6-7 inches long, 1 1/2 inches wide. Mild-tasting yellow peppers turn brilliant red. Favorite for pickling. All America Selections winner in 1941.

Life Cycle: Annual Light: Sun Height: 24-30 in Pot: 4 pak \$4

Capsicum annuum

SWEET PEPPER 'CALIFORNIA WONDER'

Dark green, 4-lobed, large fruit with thick walls and sweet taste.

Life Cycle: Annual Light: Sun Height: 24-30 in Pot: 4 pak \$4

Citrus x limon 'Ponderosa'

PONDEROSA LEMON

Grown from seeds of the Conservatory's Ponderosa lemon tree, these plants can be grown on indoors and placed outside in the sunshine for the warm summer days.

Life Cycle: Tender perennial Light: Sun Height: Tree Pot: 4 inch \$4

Coriandrum sativum

CILANTRO

Fresh leaves are used in Thai, Mexican, Indian and southwestern cooking. Cool weather plant. Seeds are the spice coriander. Allow some to flower to produce the seeds and provide food for beneficial insects.

Life Cycle: Annual Light: Sun Height: 12 in Pot: 4 inch \$4

Cucumis sativus

CUCUMBER 'DIVA'

Tender, crisp, sweet, bitter-free and seedless. All America Selection. Harvest at 5-7 inches.

Life Cycle: Annual Light: Sun Height: Vine Pot: 4 inch \$4

Cucumis sativus

CUCUMBER 'NORTHERN PICKLING'

Short, space-saving vines bear early. Pick frequently at 3-5 inches to maintain good color and texture.

Life Cycle: Annual Light: Sun Height: Vine Pot: 4 inch \$4

Cucumis sativus

CUCUMBER 'SALAD BUSH'

Great for patio containers, raised beds and small gardens. Full-sized (8-10 inch), full-flavored slicers produced on compact, mosaic-resistant plants. Bush variety may need vertical support.

Life Cycle: Annual Light: Sun Height: 24-36 in Pot: 4 inch \$4

Cucurbita pepo

SQUASH 'BUSH DELICATA'

Dark green, striped winter squash is plump and sweet. Flesh is white, turning yellow in storage. Sweet and smooth with a nutty flavor. Tidy bush habit, spreads 4-6 ft. Resistant to powdery mildew.

Life Cycle: Annual Light: Sun Height: Semi-bush Pot: 4 inch \$4

Cucurbita pepo

SQUASH 'EARLY BUTTERNUT'

Compact vine produces tan, medium-sized winter squash with fine-textured creamy orange flesh. Delicious sweet flavor. All America Selections winner. Harvest when skin is hard enough that it cannot be cut with your fingernail.

Life Cycle: Annual Light: Sun Height: Vine Pot: 4 inch \$4

Cucurbita pepo

ZUCCHINI 'SAN PASQUALE'

Early Italian variety is a heavy producer of cylindrical green fruit with white markings. Lots of large flowers are good for stuffing. For best flavor, harvest when immature and not too large.

Life Cycle: Annual Light: Sun Height: 24-36 in Pot: 4 inch \$4

Cucurbita pepo

ZUCCHINI 'SPINELESS BEAUTY'

Fruits of slightly under a pound are medium green, heavily produced on a bushy plant.

Life Cycle: Annual Light: Sun Height: 18-14 in Pot: 4 inch \$4

Cymbopogon citratus

LEMON GRASS

Strong sharp lemon flavor is good in soups. Distinctive flavor used in Asian cooking. Also used in tea, to flavor vinegars and as potpourri. Grow indoors in winter in a sunny window and return to the garden in spring.

Life Cycle: Tender perennial Light: Sun Height: 24-36 in Pot: 4 inch \$10

Eruca sativa

ARUGULA 'ASTRO'

Salad green with tangy, peppery flavor. Dark green, lobed leaves form a loose open bunch. Prefers cool temperatures. Toss with sliced pears and toasted walnuts for a wonderful salad.

Life Cycle: Annual Light: Sun Height: 10 in Pot: 4 pak \$4

Ficus carica

FIG 'HARDY CHICAGO'

Small sweet fruit. With protection, reported to withstand zone 5 winters. Plant in a container if you prefer to bring it indoors for the winter.

Life Cycle: Tender perennial Light: Sun/part shade Height: 24-36 in Pot: quart \$15

Foeniculum vulgare

FENNEL, FLORENCE

Popular Italian vegetable forms a bulbous base of delicate anise flavor and crisp texture. Airy green leaves have a mild, licorice-like flavor. Use in soups, stews, slaws and fish dishes. Young shoots are an excellent tender vegetable. Attracts butterflies and provides food for larvae of swallowtail butterfly.

Life Cycle: Annual Light: Sun/part shade Height: 36 in Pot: 4 inch \$4

Fragaria x ananassa

STRAWBERRY 'CUPIDO'

Firm, juicy, heart-shaped berries with good red color and delicate flavor. Disease resistant. Produces in late summer. Hybrid cultivar of two wild species.

Life Cycle: Perennial Light: Sun Height: 12-15 in Pot: 4 inch \$4

Hysoppus officinalis

HYSSOP

Small shrub with dark blue or pink flowers attractive to beneficial insects. Pretty edging. Plant near your vegetable garden to attract pollinators. Use leaves to season meat. Also used to flavor Chartreuse. Trim to keep full or let ramble and flower for the bees. Long lived.

Life Cycle: Perennial Light: Sun Height: 18-28 in Pot: 4 inch \$4

Lactuca

LETTUCE 'GOURMET BLEND'

Carefully selected mix of colors, flavors, textures and leaf shapes. All perform well in cool temperatures. Pleasing to eye and palate.

Life Cycle: Annual Light: Sun Height: 6 in Pot: bowl \$10

Lavandula angustifolia

LAVENDER 'MUNSTEAD'

Compact English variety with narrow green foliage. Good fragrance for sachets and potpourris. Lavender-blue flowers appear early. Attracts bees and butterflies. Provide good drainage and winter protection. Cut back in early spring to avoid "leggy" plant.

Life Cycle: Perennial Light: Sun Height: 8-10 in Pot: 4 inch \$6

Lavandula x intermedia

LAVENDER 'PROVENCE'

High quality oil production; grown for perfume industry. Light purple blooms on long stems. Great for cutting, drying and for making lavender wands. Attracts bees and butterflies. Provide good drainage and winter protection. Cut back in early spring to avoid "leggy" plant.

Life Cycle: Perennial Light: Sun Height: 30 in Pot: 4 inch \$6

Lycopersicon esculentum

Tomatoes are tropical annuals and should not be transplanted until soil has warmed. Give them full sun and consistent water. To provide even sun for tomatoes in containers, move and turn them as needed. Determinate varieties take up less space and produce a heavy crop over a concentrated period of a few weeks. They are good container and small spaces choices. Indeterminate varieties are tall and vining and need stakes and cages. They continue to grow and bear fruit until frost.

Lycopersicon esculentum

TOMATO 'BLACK CHERRY'

Round, black, cherry tomato with sweet, rich, complex flavor. Vigorous tall plant.

Life Cycle: Annual Light: Sun Height: Indeterminate Pot: 4 inch \$4

Lycopersicon esculentum

TOMATO 'BURPEE'S BIG BOY HYBRID'

Smooth, firm, thick-walled fruit can weigh a pound or more. Bright red meaty flesh with great flavor.

Life Cycle: Annual Light: Sun Height: Indeterminate Pot: 4 inch \$4

Lycopersicon esculentum

TOMATO 'BUSH EARLY GIRL'

Bright red, meaty, medium-sized fruit ripens early. Great flavor and aroma. Slice for sandwiches, add to salads.

Life Cycle: Annual Light: Sun Height: Indeterminate Pot: 4 inch \$4

Lycopersicon esculentum

TOMATO 'CHEROKEE PURPLE'

Uniquely colored rose-brown fruits may weigh up to 12 ounces. Sweet flavored heirloom is wonderful in summer sandwiches and salads.

Life Cycle: Annual Light: Sun Height: Indeterminate Pot: 4 inch \$4

Lycopersicon esculentum

TOMATO 'MORTGAGE LIFTER'

Well-shaped, large, pink fruit is meaty with few seeds. This old variety is said to be named by a farmer who sold the crop to pay off a farm he was about to lose.

Life Cycle: Annual Light: Sun Height: Indeterminate Pot: 4 inch \$4

Lycopersicon esculentum

TOMATO 'SAN MARZANO'

Excellent for canning, tomato paste or puree. Rectangular, pear-shaped, bright red, 3-4 inch fruit is meaty with a mild flavor. Thin-skinned.

Life Cycle: Annual Light: Sun Height: Indeterminate Pot: 4 inch \$4

Lycopersicon esculentum

TOMATO 'SUN GOLD'

Very sweet, bright orange cherry tomato. Vigorous indeterminate plants bear long clusters of delicious fruit late into the season.

Life Cycle: Annual Light: Sun Height: Indeterminate Pot: 4 inch \$4

Mentha spicata

SPEARMINT 'KENTUCKY COLONEL'

Old favorite for tea. Good for headaches and upset stomachs. One of the best mints for sauces served with meats.

Life Cycle: Perennial Light: Sun/part shade Height: 12-20 in Pot: 4 inch \$6

Mentha x villosa

MINT, MOJITO

This authentic Cuban mint has a scent and flavor clearly different from other mints. A staple of cocktail lounges, it is essential to mojitos both alcoholic and non.

Life Cycle: Perennial Light: Sun/part shade Height: 18-24 in Pot: 4 inch \$6

Ocimum basilicum

Basil is a family of aromatic herbs used in salads, sauces, pesto and as a flavoring. Beautiful in borders, mass plantings and in pots. Trim to prevent flowering, as leaves become bitter after the plant blooms. Pinch back to encourage a bushy plant.

Ocimum basilicum

BASIL, GENOVESE

Good pesto basil with heady, spicy fragrance and taste. Use fresh or dried. When flavoring sauces, add basil in the last few minutes of cooking.

Life Cycle: Annual Light: Sun Height: 18-20 in Pot: 4 inch \$4

Ocimum basilicum

BASIL, LEMON

Sweet, tangy, intensely flavored lemon basil. Long leaves and small white flowers make it attractive as well as edible.

Life Cycle: Annual Light: Sun Height: 20-24 in Pot: 4 inch \$4

Ocimum basilicum

BASIL, SWEET

Large, Italian leaf; best-selling variety. Flavor is marvelous for pesto and with fresh tomatoes.

Life Cycle: Annual Light: Sun Height: 24-30 in Pot: 4 inch \$4

Origanum vulgare

OREGANO, ITALIAN

Both culinary and ornamental. Tiny pink or white flowers with purple bracts attract pollinating insects. Use fresh or dried. Leaves flavor sauces, salads and grilled meats.

Life Cycle: Annual Light: Sun Height: 12-36 in Pot: 4 inch \$6

Petroselinum crispum

PARSLEY, CURLY

Extra curly, finely cut, medium green. One of the most nutritious herbs; provides Vitamins C, A and B; calcium, iron and phosphorus. Use as a garnish and in salads, casseroles and soups. Flowers attract caterpillar of swallowtail butterfly. Beautiful, edible edging.

Life Cycle: Annual Light: Sun Height: 8 in Pot: 4 inch \$4

Petroselinum crispum

PARSLEY, ITALIAN FLAT LEAF

Also called flat leaf parsley. Contains more essential oils than curly parsley. Use to flavor egg, chicken and pasta salads. Add at the end of recipe for soup or stew as overcooking destroys flavor. Use fresh or dried.

Life Cycle: Annual Light: Sun Height: 10 in Pot: 4 inch \$4

Rheum

RHUBARB 'CANADA RED'

Delicious and beautiful feature in the garden. Juicy stalks are cherry-red clear through and keep their color when cooked. If planting more than one, space three feet apart. For best results, do not harvest the first year, take few stalks the second, and following harvests will be bountiful. When harvesting, take no more than half the stalks at one time to maintain root strength. Leaves are not edible.

Life Cycle: Perennial Light: Sun Height: 24-36 in Pot: quart \$10

Rosmarinus officinalis

ROSEMARY 'HILL HARDY'

Bred to tolerate colder winters, this rosemary blooms in mid spring with large light blue flowers loved by bees. Upright plant has intensely aromatic leaves.

Life Cycle: Tender perennial Light: sun Height: 24-36 in Pot: 4 inch \$6

Rosmarinus officinalis

ROSEMARY 'SPICE ISLANDS'

Named for the Spice Islands Company, this is one of the best rosemarys for culinary use. Upright with thick, coarse, dark-colored leaves. Large flowers. Provide good drainage. Bring indoors in fall.

Life Cycle: Tender perennial Light: Sun Height: 24-36 in Pot: 4 inch \$6

Rumex sanguineus

SORREL 'RASPBERRY DRESSING'

Deep red veins and stems make this a really ornamental edible. Tangy heirloom is good in salads and, lightly sautéed, on fish.

Life Cycle: Perennial Light: Sun/part shade Height: 10 in Pot: 4 pak \$4

Salvia officinalis

SAGE 'BERGGARTEN'

Large, grey-blue leaves. From Berggarten mansion in Germany. Use this culinary variety in stuffings, omelets, cheese and bean dishes. Great in tea.

Life Cycle: Perennial Light: Sun Height: 20 in Pot: 4 inch \$6

Solanum melongena

EGGPLANT 'GRETTEL'

Solid, white, mini fruit on a compact plant. Should be harvested when they are 3-4 inches long. Tender, bitterness-free fruit is delicious stir-fried or grilled.

Life Cycle: Annual Light: Sun Height: 24 in Pot: 4 pak \$4

Solanum melongena

EGGPLANT 'HANSEL'

Compact plants produce tender, dark purple fruit in clusters. Not bitter and perfect for grilling.

Life Cycle: Annual Light: Sun Height: 25-30 in Pot: 4 pak \$4

Tagetes tenuifolia

MARIGOLD 'TANGERINE GEM'

Bite-size flowers can be an edible garnish. Neat low mounds of lacy foliage with a citrusy scent. Long blooming for beds and containers.

Life Cycle: Annual Light: Sun Height: 10-12 in Pot: 4 pak \$4

Thymus vulgaris

THYME, ENGLISH UPRIGHT

Upright, compact growth habit; excellent flavor. Dark grey-green leaves. A lovely border plant. One of the hardiest thymes.

Life Cycle: Perennial Light: Sun Height: 4-6 in Pot: 4 inch \$6

Thymus vulgaris

THYME, FRENCH

Essential to bouquet garni. Good flavoring for rich meats. Pink blossoms are a favorite of bees. Trim to shape and to promote new, flavorful growth.

Life Cycle: Perennial Light: Sun Height: 12-18 in Pot: 4 inch \$6

Tropaeolum majus

NASTURTIUM 'ALASKA MIX'

Cream and green variegated leaves with yellow, coral, and dark red single flowers. Both leaves and flowers are edible with a peppery taste. Low-growing, mounding compact form makes it great for edging and containers. Blooms best in poor soils.

Life Cycle: Annual Light: Sun/part shade Height: 12 in Pot: 4 inch \$4

Tropaeolum majus

NASTURTIUM 'EMPRESS OF INDIA'

Scarlet flowers stand out against the very dark green foliage of this Victorian-era heirloom. Compact mounded habit makes it suitable for containers or as an edging. Nasturtiums bloom best in poor soil. Both leaves and flowers are edible.

Life Cycle: Annual Light: Sun/part shade Height: 12-16 in Pot: 4 inch \$4

Tropaeolum majus

NASTURTIUM 'PEACH MELBA'

Bright creamy yellow blossoms with maroon blotches near their centers. Compact green foliage. Leaves and flowers are edible with flavor similar to watercress. Tasty addition to salads. Heirloom variety is good in containers.

Life Cycle: Annual Light: Sun/part shade Height: 8-10 in Pot: 4 inch \$4

Viola x wittrockiana

PANSY PANOLA XP PURPLE'

Deep purple with tiny yellow centers, these flowers are a lovely garnish for summer soups. Grow best in loose, rich soil. Take care not to over water.

Life Cycle: Annual Light: Sun/part shade Height: 6-8 in Pot: 4 pak \$4

Viola x wittrockiana

PANSY 'PANOLA XP SUNBURST'

Scarlet with a golden face and whiskers, these flowers make a colorful garnish. Grow best in loose, rich soil. Take care not to over water.

Life Cycle: Annual Light: Sun/part shade Height: 6-8 in Pot: 4 pak \$4

Are Your Trees Ready For Spring?

The healthier a tree or shrub, the better able it will be to grow, thrive, and fend off pests and diseases.

Trees are such sturdy looking elements of the landscape that people often assume they do not require special care. But in today's urban environment, trees are subjected to conditions that can harm their long-term health. Our primary focus is preventive management through overall tree care.

Whether you are protecting your investment, improving your property value, or planting a tree for someone special, **The Care of Trees** will help ensure long and healthy lives for your trees and shrubs.

The Ornamental Garden

Plants on these pages have been chosen for their beauty and, in some cases, fragrance. Some attract butterflies. Both perennials and annuals will be found here. All require a minimum of six hours of sun a day to perform at their best.

HELP OUR SALE HELP THE ENVIRONMENT. PLEASE BRING PLASTIC FLATS OR STURDY CARDBOARD CONTAINERS TO CARRY YOUR PURCHASES.

Agastache foeniculum

AGASTACHE 'KUDOS MANDARIN'

Upright orange flower spikes held above airy, fragrant foliage. Attracts hummingbirds, bees and butterflies. Needs good drainage.

Life Cycle: Perennial Light: Sun Height: 16-20 in Pot: quart \$10

Ageratum houstonianum

AGERATUM 'HIGH TIDE BLUE'

Powder-blue, flat-topped button flowers with lilac centers. Foliage forms a dense hedge. Attracts bees. Trim faded flowers to encourage more blooms. Lovely in bouquets.

Life Cycle: Annual Light: Sun Height: 14-16 in Pot: 4 pak \$4

Alternanthera ficoidea

ALTERNANTHERA 'RED THREADS'

Unique foliage plant is densely branched with compact, tightly mounded habit. Adds distinctive color and texture to beds and borders.

Life Cycle: Annual Light: Sun/shade Height: 16-18 in Pot: 4 inch \$4

Angelonia angustifolia

ANGELONIA 'SERENA MIX'

Rich mix of blue, purple, pink, lavender and white blooms attract butterflies. Minimal deadheading needed. Tolerates our hot, humid summers.

Life Cycle: Annual Light: Sun Height: 16-20 in Pot: 4 inch \$4

Antirrhinum majus

SNAPDRAGON 'LIBERTY CLASSIC BRONZE'

Spikes of lightly-scented orange flowers have coppery-bronze overtones. Children love the classic snapdragon form of these flowers, which bloom well into the cooler weather, and make wonderful bouquets.

Life Cycle: Annual Light: Sun/part shade Height: 20 in Pot: 4 pak \$4

Antirrhinum majus

SNAPDRAGON 'LIBERTY CLASSIC WHITE'

Upright plants with deep green leaves bear generous spikes of traditionally-shaped, fragrant snaps. Wonderful in summer bouquets. Blooms well into cooler weather.

Life Cycle: Annual Light: Sun/part shade Height: 24-36 in Pot: 4 pak \$4

Antirrhinum majus

SNAPDRAGON 'MONTEGO RED'

These dwarf snaps are deep red with a bit of yellow at the throat. Lightly scented, they can make a border or fill a pot with color.

Life Cycle: Annual Light: Sun/part shade Height: 8-10 in Pot: 4 pak \$4

Antirrhinum majus

SNAPDRAGON 'ROCKET LEMON'

Long flower spikes with closely-set yellow blooms. Long blooming season; withstands light frost. Spicy scent attracts bees. Great cut flower.

Life Cycle: Annual Light: Sun/part shade Height: 30 in Pot: 4 pak \$4

Argyranthemum frutescens

MARGUERITE DAISY 'BUTTERFLY'

Sunny yellow daisy-like flowers; light green, finely-cut, fern-like leaves. Flowers continuously without deadheading. However, cutting back will encourage branching and new growth.

Life Cycle: Annual Light: Sun Height: 18-30 in Pot: 4 inch \$4

Catharanthus roseus

VINCA 'VICTORY CRANBERRY'

Cranberry-red flowers with white eye on heat-resistant, drought-tolerant plants. Glossy green foliage. Attracts bees and butterflies.

Life Cycle: Annual Light: Sun Height: 6 -18 in Pot: 4 pak \$4

Celosia argentea plumosa

CELOSIA 'DRAGON'S BREATH'

Unique green-red foliage and blazing red, long lasting plume-like flowers,

Life Cycle: Annual Light: Sun Height: 20-24 in Pot: 4 inch \$4

Delphinium grandiflorum

DELPHINIUM 'DIAMONDS BLUE'

Different from traditional tall spike Delphiniums. This strain forms a low bush of lacy green leaves.

Loose sprays of upward facing, electric blue flowers grace the plant all summer. Look for a purple spot on each petal. Remove faded flowers to encourage repeat blooming. Outstanding cut flower.

Life Cycle: Annual Light: Sun Height: 16-22 in Pot: 4 inch \$6

Digitalis purpurea

FOXGLOVE 'FOXY'

Trumpet-shaped white, cream, yellow and rose flowers with spotted throats. Attracts bees, butterflies and hummingbirds. 'Foxy' blooms the first year. Deadheading encourages re-blooming.

Life Cycle: Biennial Light: Part shade Height: 15-20 in Pot: 4 inch \$6

Eupatorium dubium

JOE PYE WEED 'BABY JOE'

This gorgeous prairie plant is finally offered in a size for smaller gardens. Big clusters of fluffy, mauve-pink flower heads attract butterflies, especially swallowtails and monarchs. Leave standing in winter to provide cover for beneficial insects. Seed heads make soft nesting material for birds.

Life Cycle: Perennial Light: Sun Height: 26-28 in Pot: quart \$10

Gazania splendens

GAZANIA 'KISS ORANGE FLAME'

Lively combination of orange and red-mahogany striped flowers on short sturdy stems.

Life Cycle: Annual Light: Sun Height: 8-10 in Pot: 4 pak \$4

Heliotropium arborescens

HELIOTROPE 'MARINE'

Very fragrant, large umbels of deep purple flowers on compact, uniform plants. Vanilla fragrance. Attracts butterflies.

Life Cycle: Tender perennial Light: Sun Height: 12 in Pot: 4 inch \$4

Hibiscus moscheutos

HIBISCUS 'LUNA RED'

Compact variety with 6-8 inch saucer-shaped flowers of rich solid red. Attracts butterflies and hummingbirds. Great in large container.

Life Cycle: Tender perennial Light: Sun Height: 24 in Pot: 4 inch \$6

Impatiens hawkeri

IMPATIENS 'SUNPATIENS TROPICAL ROSE'

Vibrant deep rose flowers deliver color from spring until frost. These plants don't need to hide in the shade and they are resistant to downy mildew.

Life Cycle: Annual Light: Sun/part shade Height: 16-32 in Pot: 4 inch \$4

Ipomoea batatas

SWEET POTATO VINE 'BLACKIE'

A gorgeous trailer for pots and window boxes. Dark purple, deeply dissected leaves provide striking contrast to lighter-colored foliage and flowers. Adequate water and dilute fertilizer will keep them lush all summer.

Life Cycle: Annual Light: Sun/part shade Height: Vine Pot: 4 inch \$4

Ipomoea batatas

SWEET POTATO VINE 'MARGUERITE'

The bright chartreuse foliage of these vines make a spectacular "spiller" for your pots. It provides contrast to darker foliage or flowers. Adequate water and dilute fertilizer will keep them lush all summer.

Life Cycle: Annual Light: Sun/part shade Height: Vine Pot: 4 inch \$4

Iresine herbstii

IREesine 'PURPLE LADY'

Dark burgundy foliage. Cascades as branches get larger. Spreading plant fills in nicely in containers. Easily propagated from cuttings.

Life Cycle: Annual Light: Part sun Height: spreading Pot: 4 inch \$4

Juncus tenuis

RUSH 'BLUE DART'

Compact, upright blue-foliaged grass is well-suited to small gardens and containers. Adaptable to both wet and dry conditions.

Life Cycle: Perennial Light: Sun/part sun Height: 14-16 in Pot: 4 inch \$6

Lantana camara

LANTANA 'LANDMARK CITRUS'

Bright orange and yellow flowers in clusters. Scented foliage. Attractive to butterflies. Heat and drought tolerant. Excellent in containers. Prune after main flower flush to shape plant and promote vigor. May be wintered over indoors.

Life Cycle: Tender perennial Light: Sun/part shade Height: 15-20 in Pot: 4 inch \$6

Lantana camara

LANTANA 'LANDMARK ROSE SUNRISE'

Rose and yellow flowers in clusters. Scented foliage. Attractive to butterflies. Heat and drought tolerant. Excellent in containers. Prune after main flower flush to shape plant and promote vigor. May be wintered over indoors.

Life Cycle: Tender perennial Light: Sun/part shade Height: 15-20 in Pot: 4 inch \$6

Lobelia cardinalis

CARDINAL FLOWER

Brilliant red flowers are produced from late summer into fall on 28 inch racemes. Visited and pollinated by hummingbirds. These North American natives do best in moist soils; they love wet feet!

Life Cycle: Perennial Light: Part shade/shade Height: 36-48 in Pot: quart \$10

Lobularia maritima

ALYSSUM 'CLEAR CRYSTAL WHITE'

Dark green foliage with clusters of clean white flowers. Sweet honey scent attracts bees and butterflies. Wonderful in containers or as a low border. Shear plant to remove spent flowers and encourage repeat bloom.

Life Cycle: Annual Light: Sun Height: 6-10 in Pot: 4 pak \$4

Lysimachia nummularia

CREeping JENNY 'GOLDILOCKS'

Low-growing, creeping groundcover. Coin-shaped leaves. Bright yellow cup-shaped flowers appear in late summer. Roots form where leaf nodes touch the soil.

Life Cycle: Perennial Light: Sun/part shade Height: 2-4 in Pot: 4 inch \$6

Panicum virgatum

SWITCHGRASS 'CHEYENNE SKY'

Tall upright grass has blue-green foliage which turns deep wine red in early summer. Late summer sees foot-long, finely-textured flower panicles that hover over the foliage like a cloud, followed by seeds that provide winter food for birds.

Life Cycle: Perennial Light: Sun Height: 24-36 in Pot: quart \$10

Pelargonium

GERANIUM 'GLITTERATI ICE QUEEN'

Vibrant green leaves with wide white margins make a statement even without the scarlet-orange double blooms. Deadhead spent blooms to encourage more flowers.

Life Cycle: Tender perennial Light: Sun/part shade Height: 10-15 in Pot: 4 inch \$6

Pelargonium graveolens

GERANIUM, SCENTED

Flowers and leaves are edible and can be used to flavor jams, sugars, vinegar, punches and teas. All are tender perennials and can be brought indoors for the winter. A limited number have been grown from Conservatory stock plants. Feel free to rub the leaves gently to find a scent that suits your taste.

Life Cycle: Tender perennial Light: Sun Height: 18-36 in Pot: 4 inch \$6

Pelargonium x hortorum

GERANIUM 'DIABLO CLASSIC RED'

Traditional bright red geranium is especially good in window boxes and pots, Deadhead for continuous blooms all summer and well into cooler weather. Likes consistent water.

Life Cycle: Annual Light: Sun/part shade Height: 24-30 in Pot: 4 inch \$6

Pelargonium x hortorum

GERANIUM 'DYNAMO WHITE'

Large white flowers; medium green foliage. Good branching. Does well in large containers.

Life Cycle: Tender perennial Light: Sun/part shade Height: 12-14 in Pot: 4 inch \$6

Pennisetum glaucum

ORNAMENTAL MILLET 'JADE PRINCESS'

Intense lime green leaves on upright, compact plants which bear contrasting dark brown flower plumes. Striking alone or as the "thriller" in a large pot.

Life Cycle: Annual Light: Sun Height: 36-48 in Pot: 4 inch \$4

Petunia x hybrida

PETUNIA 'MADNESS BURGUNDY STAR'

Rosy red with white star-like markings radiating from center to edge of petals.

Life Cycle: Annual Light: Sun/part shade Height: 10-15 in Pot: 4 inch \$4

Petunia x hybrida

PETUNIA 'NIGHTSKY'

New color pattern on mounded, trailing petunia. Starry white markings on rich purple sparkle like the night sky.

Life Cycle: Annual Light: Sun/part shade Height: 10-16 in Pot: 4 inch \$4

Portulaca

PORTULACA 'HAPPY TRAILS MIX'

This trailing variety blooms all summer and fall. Brilliant color; spreading habit. Well-suited to rock gardens and patio containers. Thrives in dry places.

Life Cycle: Annual Light: Sun Height: 4-9 in Pot: 4 pak \$4

Salvia greggii

SALVIA 'RADIO RED'

Bright, true red blossoms held on dark stems attract bees and hummingbirds. Compact plants are cold tolerant.

Life Cycle: Annual Light: Sun/part shade Height: 16-18 in Pot: 4 inch \$6

Sempervivum

SEMPERVIVUM 'RUBY HEART'

Emerald green succulent leaves with deep red tips form open rosettes of various sizes. Multiplies freely. Grow in rock gardens, stone wall crevices and other dry sites.

Life Cycle: Perennial Light: Sun Height: 4-6 in Pot: 4 inch \$6

Tagetes patula

MARIGOLD 'DURANGO OUTBACK MIX'

Deep red, tangerine and yellow double blooms, some tipped with contrasting colors, cover bushy, dark green plants all summer. Deadhead to keep them coming until frost. Nice edger for vegetable gardens.

Life Cycle: Annual Light: Sun Height: 8-12 in Pot: 4 pak \$4

Verbena x hybrida

VERBENA 'IMAGINATION'

Violet-blue, one-inch diameter umbels grow above lacy foliage. Trailing habit makes this a good choice for large containers. Flowers from late summer through fall.

Life Cycle: Annual Light: Sun/part shade Height: 12-15 in Pot: 4 pak \$4

Veronica spicata

VERONICA 'RED FOX'

Diminutive Veronica is good for small spaces. Bright fuchsia-pink flower spikes attract bees and butterflies. Good cut flower.

Life Cycle: Perennial Light: Sun Height: 12-18 in Pot: quart \$10

Zinnia elegans

ZINNIA 'QUEEN LIME'

Bold, 2-3 inch wide lime green semi- and fully double flowers on sturdy, 20 inch stems. Make long-lasting cut flower arrangements.

Life Cycle: Annual Light: Sun Height: 30-34 in Pot: 4 pak \$4

Zinnia marylandica

ZINNIA 'DOUBLE ZAHARA BRILLIANT MIX'

Vibrant, fully double mix of pink, burgundy, red, orange, and yellow flowers on sturdy stems. Wonderful cut flower.

Life Cycle: Annual Light: Sun Height: 16-20 in Pot: 4 pak \$4

PLANTS FOR SHADE

The following pages contain descriptions of plants selected for growing in beds shaded by trees or buildings. If struggling grass in hard-packed soil describes all or part of your yard, this section of the plant sale is for you.

Soil amendment is a good first step to a healthy shade garden. Humus from your compost pile, if available, is often needed, especially under trees with shallow roots. Mulch plantings with compost or shredded bark to conserve moisture. Avoid planting amid tree roots.

You may begin with spring bulbs that bloom before trees fill out. Their drying leaves can then be hidden with a shady ground cover like plumgago or ajuga.

For the rest of the season, choices of flowing plants include hosta, begonias, lobelia, and impatiens. Contrasting leaf texture, shape, and color will provide interest in a lovely, peaceful shade garden.

HELP OUR SALE HELP THE ENVIRONMENT. PLEASE BRING PLASTIC FLATS OR STURDY CARDBOARD CONTAINERS TO CARRY YOUR PURCHASES.

Actea simplex

CIMICIFUGA 'WHITE PEARL'

Tall wands of fragrant, creamy white bottlebrush flowers held high above lacy green foliage in late summer. Provide rich moist soil away from tree roots. May take several years to form mature clump.

Life Cycle: Perennial Light: shade/part shade Height: 30-36 in Pot: quart \$10

Aruncus aethusifolius

DWARF GOATSBEARD

Its low mound of ferny light green foliage begins dark red, then short spikes of creamy white flowers appear in June. Remove finished flowers to tidy up plant. Prefers moist shade.

Life Cycle: Perennial Light: Part shade/shade Height: 12 in Pot: quart \$10

Begonia boliviensis x hybrid

BEGONIA 'MILLION KISSES HONEYMOON'

Vigorous trailing begonia. Lemon-yellow flowers with soft apricot undersides. Spread of 25-30 inches. New flowers keep coming.

Life Cycle: Annual Light: Part shade/shade Height: 10-12 in Pot: quart \$6

Begonia interspecific

BEGONIA 'MEGAWATT ROSE BRONZE LEAF'

Sturdy stems hold rose-colored flowers above glossy, bronze leaves. Blooms early and performs well in heat. No deadheading needed.

Life Cycle: Annual Light: Part shade/shade Height: 20-26 in Pot: 4 inch \$4

Begonia rex

REX BEGONIA 'JURASSIC GREEN STREAK'

Silver-green leaves with dark green veins are centered with light rose. These large-leaved shade plants evoke images of food for dinosaurs!

Life Cycle: Annual Light: Part shade/shade Height: 10-16 in Pot: quart \$6

Begonia rex

REX BEGONIA 'JURASSIC RED SPLASH'

Leaves have a red center, with dark, sharply-pointed edges. Really resembles reptilian skin. Provide evenly moist, well-drained soil. Bold texture and color make it good for containers. Bring in for winter for a prehistoric-looking houseplant.

Life Cycle: Annual Light: Part shade/shade Height: 10-16 in Pot: quart \$6

Begonia x hybrida

BEGONIA 'DRAGON WING RED'

Scarlet flowers are pendulous and large. Angel-wing type is a good choice for hanging baskets, containers or a shady bed. Glossy green foliage is well-branched.

Life Cycle: Annual Light: Part shade/shade Height: 12 in Pot: 4 inch \$4

Begonia x hybrida

BEGONIA 'SPARKS WILL FLY'

Unique dark bronze foliage and dazzling tangerine blooms are sure to perk up your garden. As the weather cools the bright orange blooms mature to yellow in the fall. Works well in a patio planter, a hanging basket or as a low-growing annual border plant.

Life Cycle: Annual Light: Part shade/shade Height: 15-18 in Pot: 4 inch \$4

Brunnera macrophylla

BRUNNERA 'JACK FROST'

Dark green leaves are heavily frosted showing off clusters of sky blue, forget-me-not type blossoms in mid to late spring. Gorgeous in all seasons. Likes afternoon shade and even watering.

Life Cycle: Perennial Light: Part shade/shade Height: 12-15 in Pot: quart \$15

Ceratostigma plumbaginoides

PLUMBAGO/LEADWORT

Ground cover with late fall and winter interest. Brilliant gentian- blue flowers from late summer until first hard frost. Good for inter-planting with spring bulbs as it emerges late in spring. Bronze-red fall foliage.

Life Cycle: Perennial Light: Part shade Height: 4-6 in Pot: 4 inch \$6

Dichondra argentea

DICHONDRA 'SILVER FALLS'

Silvery, soft- textured, rounded small leaves on glistening stems. Wide spreading habit. Great accent plant in containers.

Life Cycle: Annual Light: Part shade Height: Vine Pot: 4 inch \$4

Fuchsia

FUCHSIA 'DARK EYES'

Trailing form is perfect in hanging baskets. Pink outer petals frame ruffled double blue corollas. Keep evenly moist. Attracts butterflies and hummingbirds.

Life Cycle: Annual Light: Part shade/shade Height: trailing Pot: 4 inch \$6

Geranium sanguineum

CRANESBILL 'TINY MONSTER'

Perennial geraniums make elegant ground covers. Deeply lobed leaves and tiny magenta flowers from late spring through summer. In fall, foliage shows scarlet.

Life Cycle: Perennial Light: Part shade Height: 8-10 in Pot: quart \$10

Hakonechloa macra

HAKONECHLOA 'ALL GOLD'

This brilliant yellow-green grass absolutely glows in the shade. Also sun tolerant, it drapes beautifully over rocks or walls. While it spreads by rhizomes, it is not a garden thug.

Life Cycle: Perennial Light: Part shade/shade Height: 9-14 in Pot: quart \$15

Heucherella

HEUCHERELLA 'PUMPKIN SPICE'

Bronze-red leaves with deep mahogany centers and veins hold their color well. Dark red stems support tiny cream-colored flowers.

Life Cycle: Perennial Light: Part shade Height: 10-12 in Pot: quart \$15

Hosta

HOSTA 'BLUE MOUSE EARS'

Adorable miniature hosta, it brings thick, round, blue-green gently curled leaves to shady beds. Lovely contrasted with larger hostas and ferns.

Life Cycle: Perennial Light: Part shade/shade Height: 8 in Pot: quart \$15

Hosta

HOSTA 'EMPRESS WU'

Giant hosta, named after the only lady emperor of China, has massive, 18 inch- wide leaves in shades of green. Lavender flowers on 5-foot stems appear in August. Stunning in the right spot.

Life Cycle: Perennial Light: Part shade/shade Height: 48 in Pot: quart \$15

Impatiens hawkeri

NEW GUINEA IMPATIENS 'DIVINE MIX'

Large flowers in a range of bright, warm colors light up shady beds. Never need deadheading. Resistant to the downy mildew that has decimated other impatiens.

Life Cycle: Annual Light: Part shade/shade Height: 10 in Pot: 4 inch \$4

Ligularia dentata

LIGULARIA 'OTHELLO'

Looking for something for a rain garden or generally soggy site? Ligularia's sunny yellow flowers and leathery, toothed, heart-shaped leaves fill the bill. Leaf veins, undersides and flower stems are reddish-purple. Striking.

Life Cycle: Perennial Light: shade/part shade Height: 18-30 in Pot: quart \$10

Lobelia erinus

LOBELIA, 'REGATTA MIDNIGHT BLUE'

Tiny, solid blue flowers with bronze foliage. Excellent cascading over the edge of a container or hanging basket. Protect from hot afternoon sun.

Life Cycle: Annual Light: Part shade/shade Height: 6-8 in Pot: 4 pak \$4

Perilla

PERILLA 'MAGILLA'

Vibrant magenta, chartreuse and green foliage plant is wonderful in large containers. Strong stems. Pinching will keep plant bushy. Provide fertile, well-drained soil. Water frequently.

Life Cycle: Annual Light: Part shade Height: 18-36 in Pot: 4 inch \$4

Plectranthus

PLECTRANTHUS 'MONA LAVENDER'

Dark green leaves with intensely purple undersides; sprays of lavender flowers with purple markings. Flowers appear as days shorten in late summer. Easily started from cuttings. Pinch back to induce better branching and to keep plant compact.

Life Cycle: Tender perennial Light: Part shade/shade Height: 12-14 in Pot: 4 inch \$4

Polemonium caeruleum

JACOB'S LADDER 'BRISE D'ANJOU'

Finely-cut bright green leaves edged in cream. Bell-shaped lavender-blue flowers. Deadhead to prolong flowering. Prefers moist soil.

Life Cycle: Perennial Light: Part shade Height: 18-20 in Pot: 4 inch \$6

Solenostemon scutellaroides

COLEUS 'CAMPFIRE'

Big, bold and bright, this Coleus sports coppery orange foliage that keeps its color in sun or shade. Plants make a statement alone or combined with others in large containers and borders. Sun tolerant.

Life Cycle: Annual Light: Part shade/shade Height: 18-24 in Pot: 4 inch \$4

Solenostemon scutellaroides

COLEUS 'FLAME THOWER CHILI PEPPER'

Serrated, pointy leaves are lime green with bold, showy burgundy and red blotch in center. Propagate from cuttings.

Life Cycle: Annual Light: Part shade/shade Height: 18-20 in Pot: 4 inch \$4

Solenostemon scutellaroides

COLEUS 'FLAME THOWER SPICE CURRY'

Narrow serrated leaves, predominately chartreuse with dark red splotch in center and as a narrow edge. Pinch off flowers to encourage bushier plant.

Life Cycle: Annual Light: Part shade/shade Height: 12-18 in Pot: 4 inch \$4

Solenostemon scutellaroides

COLEUS 'WASABI'

Sharp-edged leaves with lovely chartreuse color make this a standout in any container or border. Vigorous, upright plants prefer part sun and hold their color without fading or spotting.

Life Cycle: Annual Light: Part shade/shade Height: 18-30 in Pot: 4 inch \$4
