## 31st Annual FOPCON Plant Sale

### Presented by Friends of Oak Park Conservatory

For over thirty years, FOPCON volunteers and the Park District of Oak Park have joined together to provide the community with the very best in plants for our gardens. From the first “Herb and Scented Plant Sale” in 1989 until today, this sale has provided carefully grown plants while raising funds in support of our historic Conservatory.

Most of the selections are grown in our own greenhouses using integrated pest management (IPM) practices providing healthy, sustainable plant products. Many of our vegetables, herbs, colorful annuals and perennials are pollinator friendly, providing nectar and/or pollination opportunities for native insects including bees, butterflies, moths, native flies, and hummingbirds: These plants are marked with an image of a bee.

Due to current concerns related to the Coronavirus, we will not be hosting an in-person sale this year. **All customers should order online and select a pick-up window:** orders will be pulled and ready to be delivered to cars at that time.

The catalog is arranged according to three main categories (the Edible Garden, the Ornamental Garden, and the Shade Garden). Within those three categories, plants are listed in alphabetical order according to their botanical name. We offer our plants in a variety of sizes; 4-pak of seedlings (4p), 4 inch pots (4”), or tall Quart containers. All pricing is noted in the catalog. While we strive to keep the accuracy of the catalog as high as possible, please note that prices, container sizes, and availability of plants are subject to change up to and including the sale days.

This annual sale is presented by the Friends of the Oak Park Conservatory with the help of many dedicated volunteers. Your support helps the Friends provide quality educational programs, community events and other support for the historic Oak Park Conservatory.

**Please note: Because of response to conditions regarding the corona-virus we have limited the sale to the plants already growing in our greenhouses as of mid-March. This means that our selection of herbs is greatly reduced this year, and we have marked them as such. We appreciate your understanding.**

See you at the sale!  
Plant Sale Committee 2020

**QUESTIONS about this year’s plant sale? Email [operations@fopcon.org](mailto:operations@fopcon.org)**

Thank you for your purchase and supporting the Friends of the Oak Park Conservatory.  
All sales are final.

The Oak Park Conservatory is a historic property of the Park District of Oak Park, listed on the National Register of Historic Places.

## THE EDIBLE GARDEN

Plants in the first section of the sale belong in the edible garden. Some are used as flavorings or garnishes, but in one way or another all belong on your plate.

Included are plants that attract pollinators (marked with a bee symbol). All require at least six hours of sun each day. Some may survive with less sun, but flowers and fruit will be more abundant if grown with at least six hours of sun.

*Abelmoschus esculentus* 'Clemson Spineless'

### **Okra 'Clemson Spineless'**

Very productive variety is a real edible ornamental. Pretty pale yellow flowers are followed by slender pointed pods. Harvest pods at three inches -- if left longer, they will toughen and reduce flowering. Use in stir-fry, soups, stews, and pickles.

Life Cycle: annual      Light: sun      Height: 36-48"      Pot: 4"      \$5

*Allium schoenoprasum*

### **Chives**

Gardeners have grown this essential kitchen herb for over 5000 years. Lilac flowers are pretty in tiny bouquets, tasty in salads and as a flavoring for vinegar. Chopped leaves flavor eggs, soups, vegetable and cheese dishes, vinegars and butters.

Life Cycle: perennial      Light: sun      Height: 12"      Pot: 4p      \$5

*Artemisia dracunculus* var. *sativa*

### **Tarragon, French**

Slender leaves of this useful herb may be harvested at any time for cooking. Insignificant greenish-white flowers are borne in panicles. **UNAVAILABLE FOR 2020**

Life Cycle: annual      Light: sun      Height: 24"      Pot: 4"      \$6

*Beta vulgaris* 'Bright Lights'

### **Swiss Chard 'Bright Lights'**

Pretty and tasty. Stems may be red, gold, pink or white. Young leaves are great in salads. Mature leaves and stems delicious in stir-fries.

Life Cycle: annual      Light: sun      Height: 20"      Pot: 4"      \$5

*Borago officinalis*

### **Borage**

Easy growing, freely seeding annual with vivid blue, star-shaped flowers. Grow in vegetable gardens to attract pollinating bees. Stems can be brittle, so planting next to a fence can be helpful.

Life Cycle: annual      Light: sun      Height: 12-24"      Pot: 4p      \$5

*Brassica oleracea Lacinato*

**Kale, Lacinato**

Italian heirloom is as beautiful as it is tasty. Blue-green leaves are heavily crinkled. Tiniest leaves can be added to summer salads.

Life Cycle: annual      Light: sun      Height: 12-18"      Pot: 4"      \$5

*Brassica rapa chinensis*

**Pak Choi 'Toy Choy'**

Dwarf Chinese cabbage. Tiny bunches of crisp white stalks with tender green leaves. Great tasting in stir-fries or raw.

Life Cycle: annual      Light: sun      Height: 18-20"      Pot: 4"      \$5

*Capsicum annuum* 'Cajun Belle'

**Hot Pepper, 'Cajun Belle'**

All the flavor of a sweet pepper combined with a mild but spicy heat; the pepper to grow if you only have room for one!

Life Cycle: annual      Light: sun      Height: 24"      Pot: 4"      \$5

*Capsicum annuum* 'Sweet Heat'

**Hot Pepper, 'Sweet Heat'**

Oblong, plump little peppers are mildly spicy, increasing in heat as they ripen to red. Compact, bushy plants can be grown in containers.

Life Cycle: annual      Light: sun      Height: 10"      Pot: 4"      \$5

*Capsicum annuum* 'California Wonder'

**Sweet Pepper 'California Wonder'**

Dark green, 4-lobed, large fruit with thick walls and sweet taste. Great for stuffing.

Life Cycle: annual      Light: sun      Height: 18-24"      Pot: 4"      \$5

*Capsicum annuum* 'Orange Marmalade'

**Sweet Pepper 'Orange Marmalade'**

Early to ripen, sweet and flavorful, this blocky pepper turns a bright, gorgeous orange, pretty in the garden as well as on the plate.

Life Cycle: annual      Light: sun      Height: 18-24"      Pot: 4"      \$5

*Capsicum annuum* 'Snackabelle'

**Sweet Pepper 'Snackabelle'**

Mini bell pepper ripens from green to deep red. It has thick walls and sweet flavor. Perfect for eating at any stage of ripeness.

Life Cycle: annual      Light: sun      Height: 24"      Pot: 4"      \$5

*Citrus limon x medica*

**Lemon, Ponderosa**

Grown from seeds of the Conservatory's Ponderosa lemon tree, these plants can be grown on indoors and placed outside in the sunshine for the warm summer days.

Life Cycle: tender perennial    Light: sun                              Height: tree                              Pot: 4"                              \$6

*Coriandrum sativum*

**Cilantro**

Fresh leaves are used in Thai, Mexican, Indian and Southwestern cooking. Cool weather plant. Seeds are the spice coriander. Allow some to flower to produce the seeds and provide food for beneficial insects.

**UNAVAILABLE FOR 2020**

Life Cycle: annual                              Light: sun                              Height: 12-16"                              Pot: 4"                              \$6

*Cucumis sativus 'Northern Pickling'*

**Cucumber 'Northern Pickling'**

Short, space-saving vines bear early. Pick frequently at 3-5 inches to maintain good color and texture.

Life Cycle: annual                              Light: sun                              Height: 8-12"                              Pot: 4"                              \$5

*Cucumis sativus 'Salad Bush'*

**Cucumber 'Salad Bush'**

Great for patio containers, raised beds and small gardens. Full-sized (8-10 inch), full-flavored slicers produced on compact, mosaic-resistant plants. Bush variety may need vertical support.

Life Cycle: annual                              Light: sun                              Height: 24-36"                              Pot: 4"                              \$5

*Cucurbita pepo Crookneck Summer Squash 'Tempest'*

**Crookneck Summer Squash 'Tempest'**

Ribbed, lightly striped summer squash have a rich, nutty flavor. Vibrant yellow color graces the vegetable garden.

Life Cycle: annual                              Light: sun                              Height: 24"                              Pot: 4"                              \$5

*Cucurbita pepo 'Spineless Beauty'*

**Zucchini Squash 'Spineless Beauty'**

Fruits of slightly under a pound are medium green, heavily produced on a bushy plant.

Life Cycle: annual                              Light: sun                              Height: 10-15"                              Pot: 4"                              \$5

*Cymbopogon citratus*

**Lemon Grass**

Strong sharp lemon flavor is good in soups. Distinctive flavor used in Asian cooking. Also used in tea, to flavor vinegars and as potpourri. Grow indoors in winter in a sunny window and return to the garden in spring. **UNAVAILABLE FOR 2020**

Life Cycle: tender perennial    Light: sun                              Height: variable                              Pot: 4"                              \$6

*Eruca sativa* 'Astro'

**Arugula 'Astro'**

Salad green with tangy, peppery flavor. Dark green, lobed leaves form a loose open bunch. Prefers cool temperatures. Toss with sliced pears and toasted walnuts for a wonderful salad.

Life Cycle: annual                      Light: sun                      Height: 8-10"                      Pot: 4p                      \$5

*Ficus carica* 'Chicago Hardy'

**Fig 'Chicago Hardy'**

Small sweet fruit. With protection, reported to withstand zone 5 winters. Plant in a container if you prefer to bring it indoors for the winter. **UNAVAILABLE FOR 2020**

Life Cycle: tender perennial      Light: sun                      Height: variable                      Pot: 6"                      \$15

*Foeniculum vulgare*

**Fennel, Green**

This fennel produces seeds and fronds used in cooking, It also attracts butterflies with its bright yellow flowers. Upright, branching plant resembles dill. **UNAVAILABLE FOR 2020**

Life Cycle: annual                      Light: sun                      Height: 3-5"                      Pot: 4"                      \$6

*Fragaria x ananassa* 'Cupido'

**Strawberry 'Cupido'**

Firm, juicy, heart-shaped berries with good red color and delicate flavor. Disease resistant. Produces in late summer. Hybrid cultivar of two wild species.

Life Cycle: perennial                      Light: sun                      Height: 5-8"                      Pot: 4"                      \$5

**Looking for tomatoes under *Lycopersicum*? Botanists have changed the name to *Solanum*. We offer many, now filed under S. Happy shopping!**

*Matricaria recutita* German chamomile

**German Chamomile**

Daisy-like flowers have white petals and a yellow center and a distinctive scent, caused by their blue essential oil. Leaves are long and narrow.

Life Cycle: annual                      Light: sun                      Height: 6-20"                      Pot: 4"                      \$5

*Mentha spicata*

**Spearmint**

Rein in this fragrant herb which spreads by underground rhizomes and you'll have a great accent for many summer drinks and desserts...its small flowers have a lot of pollen which attracts beneficial insects.

Life Cycle: perennial                      Light: sun, partial shade      Height: 12-24"                      Pot: 4"                      \$5

*Mentha x villosa*

**Mojito Mint**

This is the Cuban variety for authentic mojitos. This mint has quilted, fragrant leaves and a distinctive, less pungent flavor.

Life Cycle: perennial                      Light: sun, partial shade      Height: 18-24"                      Pot: 4"                      \$5

## Basil

**Basil is a family of aromatic herbs used in salads, sauces, pesto and as a flavoring. Beautiful in borders, mass plantings and in pots. Trim to prevent flowering. Pinch back to encourage a bushy plant.**

*Ocimum basilicum*

### **Basil, Sweet**

This much loved Italian basil has large, long, glossy leaves, providing high yields all summer. Pick leaves often and remove flowers as they appear to prolong leaf production. **UNAVAILABLE FOR 2020**

Life Cycle: annual      Light: sun      Height: 18-24"      Pot: 4"      \$6

*Ocimum basilicum*, 'Genovese, Amethyst Improved'

### **Basil, 'Genovese, Amethyst Improved'**

Deep flavor is provided by these down-curved, red-purple leaves, especially good in sauces. Attractive ornamental, too. Harvest leaves often to keep plants from bolting. **UNAVAILABLE FOR 2020**

Life Cycle: annual      Light: sun      Height: 16-20"      Pot: 4"      \$6

*Ocimum basilicum* 'Genovese Compact, Improved'

### **Basil 'Genovese Compact, Improved'**

Deeply flavored Genovese basil, selected for compact plant size. Wonderful in summer salads.

**UNAVAILABLE FOR 2020**

Life Cycle: annual      Light: sun      Height: 20-30"      Pot: 4"      \$5

*Ocimum basilicum* Thai Sweet

### **Basil, Thai Sweet**

Green 2 inch long leaves have a spicy, anise-like flavor. Attractive plants have dark purple stems and flower bracts. **UNAVAILABLE FOR 2020**

Life Cycle: annual      Light: sun      Height: 16-20"      Pot: 4"      \$6

*Ocimum basilicum* var. *citriodora* 'Mrs. Burns' Lemon'

### **Basil, 'Mrs. Burns' Lemon'**

Light green, lemon-scented leaves are lovely in many summer drinks and salads. Pinch back to encourage bushiness and delay bolting. **UNAVAILABLE FOR 2020**

Life Cycle: annual      Light: sun      Height: 16-20"      Pot: 4"      \$6

*Origanum vulgare*

### **Oregano, Italian**

Both culinary and ornamental. Tiny pink or white flowers with purple bracts attract pollinating insects. Use fresh or dried. Leaves flavor sauces, salads and grilled meats. Can be potted up and brought indoors.

Life Cycle: annual      Light: sun      Height: 20-30"      Pot: 4"      \$6

*Perilla frutescens* 'Magilla Purple'

### **Perilla 'Magilla Purple'**

Vibrant magenta, chartreuse and green foliage plant is wonderful in large containers. Strong stems. Pinching will keep plant bushy. Provide fertile, well-drained soil. Water frequently.

Life Cycle: annual      Light: sun      Height: 18-30"      Pot: 4"      \$5

*Perilla frutescens* var. *crispa* 'Shiso'

**Perilla 'Shiso'**

In the mint family, shiso is used in Japanese cooking, giving ginger slices their distinctive pink color. Beautiful in the garden.

Life Cycle: annual                      Light: sun                      Height: 12-36"                      Pot: 4                      \$5

*Petroselinum crispum* var. *neapolitanum*

**Parsley, Italian Flat leaf**

Also called flat leaf parsley. Contains more essential oils than curly parsley. Use to flavor egg, chicken and pasta salads. Add at the end of recipe for soup or stew as overcooking destroys flavor. Use fresh or dried. **UNAVAILABLE FOR 2020**

Life Cycle: annual                      Light: sun, partial shade                      Height: 10-12"                      Pot: 4                      \$6

*Physalis philadelphica*

**Tomatillo**

No relation to the tomato, tomatillos bear small, round, green fruits that are a staple of Mexican cuisine, starring in salsa verde. Staking is recommended.

Life Cycle: annual                      Light: sun                      Height: 24-48"                      Pot: 4p                      \$5

*Rosmarinus officinalis* 'Gorizia'

**Rosemary 'Gorizia'**

An excellent standard variety with slightly wider leaves and very upright habit that performs well in the garden or in containers. A good choice for culinary use. May be wintered over indoors.

**UNAVAILABLE FOR 2020**

Life Cycle: perennial                      Light: sun                      Height: 36-60"                      Pot: 4"                      \$6

*Rosmarinus officinalis* 'Prostratus'

**Rosemary, Creeping**

This rosemary blooms in mid-spring with large light blue flowers loved by bees. Trailing plant has intensely aromatic leaves. Attractive in pots. **UNAVAILABLE FOR 2020**

Life Cycle: perennial                      Light: sun                      Height: 12-24"                      Pot: 4"                      \$6

*Rumex sanguineus* 'Raspberry Dressing'

**Sorrel 'Raspberry Dressing'**

Deep red veins and stems make this a really ornamental edible. Tangy heirloom is good in salads and, lightly sautéed, on fish.

Life Cycle: perennial                      Light: sun, partial shade                      Height: 6-12"                      Pot: 4p                      \$5

## Tomatoes

**Tomatoes are tropical annuals and should not be transplanted until soil has warmed. Give them full sun and consistent water. To provide even sun for tomatoes in containers, move and turn them as needed. Indeterminate varieties are tall and vining and need stakes and cages. They continue to grow and bear fruit until frost.**

*Solanum lycopersicum* 'Chocolate Cherry'

### **Cherry Tomato 'Chocolate Cherry'**

One-inch fruits are rich deep red with chocolate shading. Tasty to snack on or in salads.

Life Cycle: annual      Light: sun      Height: indeterminate      Pot: 4"      \$5

*Solanum lycopersicum* 'Chocolate Sprinkles'

### **Cherry Tomato 'Chocolate Sprinkles'**

Round, black, cherry tomato with sweet, rich, complex flavor. Vigorous tall plant.

Life Cycle: annual      Light: sun      Height: indeterminate      Pot: 4"      \$5

*Solanum lycopersicum* 'Sun Gold'

### **Cherry Tomato 'Sun Gold'**

Very sweet, bright orange cherry tomato. Vigorous indeterminate plants bear long clusters of delicious fruit late into the season.

Life Cycle: annual      Light: sun      Height: indeterminate      Pot: 4"      \$5

*Solanum lycopersicum* 'Brandywine'

### **Heirloom Tomato 'Brandywine'**

The most popular heirloom tomato, a favorite of many gardeners; large fruit with superb flavor. A great potato-leafed variety from 1885. Beautiful pink fruit up to 1-1/2 lbs. each! The medium-tall plant is best staked or caged.

Life Cycle: annual      Light: sun      Height: indeterminate      Pot: 4"      \$5

*Solanum lycopersicum* 'Cherokee Purple'

### **Heirloom Tomato 'Cherokee Purple'**

Sweet-flavored heirloom has uniquely-colored rose-brown fruits.

Life Cycle: annual      Light: sun      Height: indeterminate      Pot: 4"      \$5

*Solanum lycopersicum* 'Fourth of July'

### **Tomato 'Fourth of July'**

Its name tells you this is a very early tomato. Mid-sized red fruits are produced steadily all summer, providing sandwich slices whenever wanted.

Life Cycle: annual      Light: sun      Height: indeterminate      Pot: 4"      \$5

*Solanum lycopersicum* 'Mortgage Lifter'

**Beefsteak Tomato 'Mortgage Lifter'**

The story of this tomato is that its discoverer was able to pay off his mortgage with its proceeds. This variety produces huge beefsteak tomatoes with great flavor. An indeterminate plant, it continues to grow and produce until frost but requires staking or caging.

Life Cycle: annual      Light: sun      Height: indeterminate      Pot: 4"      \$5

*Solanum lycopersicum* 'San Marzano'

**Plum Tomato 'San Marzano'**

Excellent for canning, tomato paste or puree. Rectangular, pear-shaped, bright red, 3-4 inch fruit is meaty with a mild flavor. Thin-skinned.

Life Cycle: annual      Light: sun      Height: indeterminate      Pot: 4"      \$5

*Solanum melongena* var. *esculentum* 'Annina'

**Eggplant 'Annina'**

Glossy purple and white striped eggplants are tasty in the kitchen and beautiful in the garden, too. Productive plants are nearly spineless.

Life Cycle: annual      Light: sun      Height: 24-36"      Pot: 4"      \$5

*Solanum melongena* 'Hansel'

**Eggplant 'Hansel'**

Compact plants produce tender, dark purple fruit in clusters. Not bitter and perfect for grilling.

Life Cycle: annual      Light: sun      Height: 24-36"      Pot: 4"      \$5

*Stevia rebaudiana*

**Stevia**

Leaves of this plant are used as a sweetener and sugar substitute. Good fresh in salads, it is also a graceful addition to garden beds, with finely scalloped light green leaves. **UNAVAILABLE FOR 2020**

Life Cycle: tender perennial      Light: sun      Height: 12-24"      Pot: 4"      \$5

*Thymus vulgaris*

**Thyme, English**

Upright, compact growth habit; excellent flavor. Dark grey-green leaves. A lovely border plant. One of the hardiest thymes.

Life Cycle: perennial      Light: sun      Height: 6-10"      Pot: 4p      \$5

### **New! Order Discounted Tickets for OPRF Garden Walk**

The 27<sup>th</sup> annual Oak Park and River Forest Garden Walk is **Sunday June 28** from 10 am to 4pm. This year The Friends of the Oak Park Conservatory is offering its members a convenient new option for ordering tickets to the Garden Walk. Members can order reduced price tickets (\$13) **online through this Plant Sale website.**

Looking for a special Mother's Day present? Buy tickets to the Garden Walk and treat your mom to a tour of nine unique private gardens and one community garden space. Watch plein air painters from the Oak Park Art League create art works in selected gardens. Master Gardeners will be on hand in selected gardens to answer questions. The Cheney Mansion will be open for picnics (lemonade available).

Note: FOPCON members can also purchase reduced price (\$13) tickets **in person** at the Conservatory (cash or check only) after June 1. Full-price tickets (\$15 in advance) can be purchased online at the OPRF Garden Club website ([www.gcopr.org](http://www.gcopr.org)) starting May 1 through June 27 at 5:00 pm. All tickets are \$20 on the day of the event. The Garden Walk is co-sponsored by the Friends of the Oak Park Conservatory and the Garden Club of Oak Park and River Forest. Proceeds benefit the missions of both organizations.

## THE ORNAMENTAL GARDEN

Plants on these pages have been chosen for their beauty and, in some cases, fragrance. Some, for example attract butterflies. Both perennials and annuals will be found here. All require a minimum of six hours of sun a day to perform at their best.

*Allium* 'Serendipity'

### **Ornamental Onion**

This hybrid ornamental onion grows well in our clay soil in full sun or part shade. Bearing round puffs of purple flowers, it grows 15" to 20". Bees and butterflies are attracted: deer and rabbits aren't.

Life Cycle: perennial      Light: sun, partial shade      Height: 15-20"      Pot: Quart      \$10

*Anemone × hybrida* 'Honorine Jobert'

### **Japanese Anemone 'Honorine Jobert'**

This is a vigorous, mounding, compact cultivar which typically grows to 3-4' tall and spreads by creeping rhizomes. Single flowers appear on long, graceful, branching stems over an attractive foliage mound of dark green leaves. Lengthy August to September bloom period. No serious insect or disease problems. Highly rated in Chicago Botanic Gardens evaluation trials.

Life Cycle: perennial      Light: sun, partial shade      Height: 36-48"      Pot: Quart      \$10

*Angelonia angustifolia* 'Angel Face Blue'

### **Angelonia 'Angel Face Blue'**

A wonderful plant for pots. Its upright branches carry gorgeous blue flowers all summer. The foliage is fragrant; the flowers require no deadheading for continuous bloom.

Life Cycle: annual      Light: sun      Height: 18-30"      Pot: 4"      \$5

*Angelonia angustifolia* 'Angel Face Perfectly Pink'

### **Angelonia 'Angel Face Perfectly Pink'**

Warm purple-pink flowers cover this long-blooming favorite, ideal for pots as well as garden beds. Fragrant foliage, Handles heat and dry conditions.

Life Cycle: annual      Light: sun      Height: 18-30"      Pot: 4"      \$5

*Antirrhinum majus* 'Antiquity Mix'

### **Snapdragon 'Antiquity Mix'**

Open-faced flowers in shades of pink, red and coral. Scent attracts bees. Blooms well into cooler weather.

Life Cycle: annual      Light: sun      Height: 9-12"      Pot: 4"      \$5

*Antirrhinum majus* 'Costa Apricot'

### **Snapdragon 'Costa Apricot'**

Spikes of apricot flowers are lightly scented. Children love the classic snapdragon form of these flowers, which bloom well into the cooler weather and make wonderful bouquets.

Life Cycle: annual      Light: sun, partial shade      Height: 36-48"      Pot: 4"      \$5

*Antirrhinum majus* 'Potomac Yellow'   
**Snapdragon 'Potomac Yellow'**

Upright plants with deep green leaves bear generous spikes of cheery lemon-yellow snaps. Wonderful in summer bouquets. Blooms well into cooler weather.

Life Cycle: annual      Light: sun, partial shade      Height: 39-60"      Pot: 4"      \$5

*Aquilegia canadensis*   
**Columbine**

This is the North American native whose nodding, bright orange flowers with yellow-petaled centers bloom in May. Ferny foliage may show the trails of leaf miners which cause no serious damage.

Life Cycle: perennial      Light: sun, partial shade      Height: 14-36"      Pot: Quart      \$10

*Argyranthemum frutescens* 'Vanilla Butterfly'  
**Marguerite Daisy 'Vanilla Butterfly'**

Sunny yellow daisy-like flowers fade to cream as they age; finely-cut, fern-like leaves are a light green. Flowers continuously without deadheading, however, cutting back will encourage branching and new flowers.

Life Cycle: annual      Light: sun      Height: 14-18"      Pot: 4"      \$5

*Aruncus dioicus* 'Misty Lace'  
**Goatsbeard 'Misty Lace'**

Fern-like dark green foliage on red stems graces these sturdy plants which bear tiny white flowers in late spring, followed by ornamental dried seed plumes.

Life Cycle: perennial      Light: partial shade      Height: 18-24"      Pot: Quart      \$10

*Calendula officinalis* 'Bon Bon Mix'   
**Calendula 'Bon Bon Mix'**

Bright 3" double flowers on bushy plants are daisy-shaped in apricot, orange and yellow, blooming early from spring well into summer. The edible petals provide a finishing touch to summer dishes.

Life Cycle: annual      Light: sun      Height: 12-15"      Pot: 4"      \$5

*Calibrachoa hybrid* 'Cabaret Deep Yellow'  
**Calibrachoa 'Cabaret Deep Yellow'**

Full, trailing plants are covered with yellow mini-petunias in all but the hottest weather. Lovely in hanging baskets; keep well watered.

Life Cycle: annual      Light: sun      Height: 6-10"      Pot: 4"      \$5

*Calibrachoa hybrid* 'Cabaret White'  
**Calibrachoa 'Cabaret White'**

Early flowering, with small petunia-shaped flowers that cover these trailing plants and require no deadheading.

Life Cycle: annual      Light: sun      Height: 6-10"      Pot: 4"      \$5

*Calibrachoa hybrid* 'Superbells Grape Punch'

**Calibrachoa 'Superbells Grape Punch'**

Early flowering, with small petunia-shaped flowers that cover these trailing plants and require no deadheading.

Life Cycle: annual                      Light: sun                      Height: 6-12"                      Pot: 4"                      \$5

*Calibrachoa hybrid* 'Superbells Tangerine Punch'

**Calibrachoa 'Superbells Tangerine Punch'**

Abundant, striking orange flowers with a dark red center grace a rounded trailing plant perfect for hanging planters.

Life Cycle: annual                      Light: sun                      Height: 6-12"                      Pot: 4"                      \$5

*Calibrachoa hybrid* 'Superbells Watermelon Punch'

**Calibrachoa 'Superbells Watermelon Punch'**

In a luscious deep watermelon pink with a dark eye, these petunia-like flowers cover their trailing plants, No deadheading is needed, you can just sit back and enjoy them.

Life Cycle: annual                      Light: sun                      Height: 6-12"                      Pot: 4"                      \$5

*Cuphea hybrida* 'Honeybells'

**Cuphea 'Honeybells'**

Slender, tubular flowers are red, changing to yellow, bloom on trailing plants. Heat and drought-tolerant. Attracts hummingbirds and other pollinators.

Life Cycle: annual                      Light: sun                      Height: 18-36"                      Pot: 4"                      \$5

*Dichondra argentea* 'Silver Falls'

**Dichondra 'Silver Falls'**

Silvery, soft- textured, rounded small leaves on glistening stems. Wide spreading habit. Great accent plant in containers.

Life Cycle: annual                      Light: sun, partial shade                      Height: 3"                      Pot: 4"                      \$5

*Echinacea purpurea* 'Prairie Splendor'

**Coneflower 'Prairie Splendor'**

Rose-magenta rays surround an orange cone - when left to go to seed it holds a striking shape as birds feed on the seeds. Long-blooming, may self-seed. Tolerates our clay soil and dry conditions.

Life Cycle: perennial                      Light: sun                      Height: 12-24"                      Pot: Quart                      \$10

*Euphorbia hybrida* 'Diamond Frost'

**Euphorbia 'Diamond Frost'**

Clouds of airy white flowers drift above soft green foliage. Beautiful filler in pots as well as with contrasting flowers in beds.

Life Cycle: annual                      Light: sun                      Height: 24-36"                      Pot: 4"                      \$5

*Evolvulus* 'Blue My Mind'

**Evolvulus 'Blue My Mind'**

Fuzzy, silvery-green foliage cannot hide the masses of small, true blue flowers. Often called "dwarf morning glory", though not related to that vine. Graceful, trailing plant is heat-tolerant, blooms all summer.

Life Cycle: annual                      Light: sun                      Height: 6-12"                      Pot: 4"                      \$6

*Helichrysum petiolare* 'White Licorice'

**Licorice Plant 'White Licorice'**

Grown for its lovely silver-white foliage. Sets off the colors of other flowers in the garden or in bouquets.

Life Cycle: annual                      Light: sun                      Height: 8-12"                      Pot: 4"                      \$5

*Heliotropium arborescens* 'Marine'

**Heliotrope 'Marine'**

Very fragrant, large umbels of deep purple flowers on compact, uniform plants. Vanilla fragrance. Attracts butterflies.

Life Cycle: annual                      Light: sun, partial shade                      Height: 12-16"                      Pot: 4"                      \$5

*Hyssopus officinalis*

**Hyssop**

Known to the ancients, hyssop is a small shrub in the mint family. Its upright stems bear fragrant blue or pink flowers in the leaf axils.

Life Cycle: perennial                      Light: sun, partial shade                      Height: 16-24"                      Pot: 4"                      \$5

*Impatiens x hawkeri* 'SunPatiens Compact Coral Pink'

**New Guinea Impatiens 'SunPatiens Compact Coral Pink'**

Blooming all season on mounded plants, this variety bears warm, coral pink flowers that tolerate sun and prefer regular watering.

Life Cycle: annual                      Light: sun, partial shade                      Height: 14-28"                      Pot: 4"                      \$5

*Impatiens x hawkeri* 'SunPatiens Vigorous Clear Orange'

**New Guinea Impatiens 'SunPatiens Vigorous Clear Orange'**

Its name says it all: eye-catching, bright orange flowers bloom all season. No deadheading needed.

Life Cycle: annual                      Light: sun, partial shade                      Height: 14-28"                      Pot: 4"                      \$5

*Impatiens x hybrida* 'SunPatiens Compact Blush Pink'

**New Guinea Impatiens 'SunPatiens Compact Blush Pink'**

Soft pink flowers get prettier as the season progresses. Disease resistant. Sun-loving. All America Selection.

Life Cycle: annual                      Light: sun, partial shade                      Height: 18-24"                      Pot: 4"                      \$5

*Ipomoea batatas* 'Sweet Caroline Light Green'

**Sweet Potato Vine 'Sweet Caroline Light Green'**

Semi-trailing annual vine keeps chartreuse color all season. Filler and spiller for containers and window boxes.

Life Cycle: annual                      Light: sun                      Height: 10-12"                      Pot: 4"                      \$5

*Ipomoea batatas* 'Sweet Caroline Sweetheart Jet Black'

**Sweet Potato Vine 'Sweet Caroline Sweetheart Jet Black'**

Trailing annual with very dark, black-green leaves. Great accent plant in containers and window boxes.

Life Cycle: annual                      Light: sun                      Height: 10-12"                      Pot: 4"                      \$5

*Lantana camara* 'Bloomify Red'

**Lantana 'Bloomify Red'**

Produces rounded clusters of tiny sterile flowers that open yellow, fade through orange to a deep red. Compact plants are free-flowering all summer.

Life Cycle: annual                      Light: sun                      Height: 12-14"                      Pot: 4"                      \$6

*Lantana camara* 'Landmark Rose Glow'

**Lantana 'Landmark Rose Glow'**

Showy flower clusters are rose with white overtones and yellow centers, blooming from early summer through mid fall.

Life Cycle: annual                      Light: sun                      Height: 15-20"                      Pot: 4"                      \$6

*Lantana camara* 'Little Lucky Lemon Cream'

**Lantana 'Little Lucky Lemon Cream'**

Soft yellow flower clusters lighten as they age, brightening a shady corner. Attracts butterflies.

Life Cycle: annual                      Light: sun                      Height: 15-20"                      Pot: 4"                      \$6

*Lantana camara* 'Lucky Pot of Gold'

**Lantana 'Lucky Pot of Gold'**

Mounded plants show off bright yellow flowers which bloom continuously through the summer. Attracts butterflies.

Life Cycle: annual                      Light: sun                      Height: 12-16"                      Pot: 4"                      \$6

*Lantana camara* 'Lucky Red'

**Lantana 'Lucky Red'**

Red flowers show only a slightly lighter center. Butterflies are attracted, deer are not. Heat and humidity tolerant; blooms all summer.

Life Cycle: annual                      Light: sun                      Height: 12-16"                      Pot: 4"                      \$6

*Lavandula x intermedia* 'Provence'

**Lavender 'Provence'**

High quality oil production; grown for perfume industry. Light purple blooms on long stems. Great for cutting, drying and for making lavender wands. Attracts bees and butterflies. Provide good drainage and winter protection. Cut back in early spring to avoid "leggy" plant.

Life Cycle: perennial      Light: sun      Height: 20-30"      Pot: Quart      \$10

*Lobelia erinus* 'Early Springs Sky Blue'

**Lobelia 'Early Springs Sky Blue'**

Showy bright blue flowers have white centers. Beautiful trailing over pot edges. Keep from hot afternoon sun.

Life Cycle: annual      Light: sun, partial shade      Height: 8-10"      Pot: 4"      \$5

*Lobularia maritima* 'Clear Crystal White'

**Alyssum 'Clear Crystal White'**

Dark green foliage with clusters of clean white flowers. Sweet honey scent attracts bees and butterflies. Wonderful in containers or as a low border. Shear plant to remove spent flowers and encourage repeat bloom.

Life Cycle: annual      Light: sun      Height: 6-10"      Pot: 4"      \$5

*Monarda hybrid* 'Leading Lady Orchid'

**Beebalm 'Leading Lady Orchid'**

Living up to its common name, this monarda attracts bees as well as hummingbirds, and hosts the larva of several butterflies and moths. Perennial, it likes full sun, growing two feet tall. It has an earlier bloom time and is less aggressive than other monardas and is almost immune to mildew. Its flowers are light lavender with darker purple spots.

Life Cycle: perennial      Light: sun      Height: 12-24"      Pot: Quart      \$10

*Pelargonium crispum* 'Chocolate Mint'

**Scented Geranium 'Chocolate Mint'**

A dark chocolate-colored blotch centers the leaves of this scented geranium; the fragrance is of mint, though. Plant it where you can brush against it and enjoy the fragrance.

Life Cycle: annual      Light: sun      Height: 24"      Pot: 4"      \$6

*Pelargonium crispum* 'Lemon'

**Scented Geranium, 'Lemon'**

The small rounded leaves of this scented geranium have crinkly edges and a refreshing clear lemon scent. There are small pale pink flowers. Float them in a summer drink.

Life Cycle: annual      Light: sun      Height: 12-24"      Pot: 4"      \$6

*Pelargonium graveolens variegata* 'Lady Plymouth'

**Scented Geranium 'Lady Plymouth'**

Deeply-cut grey-green leaves are variegated with white. Brush against them to release a sharp rose and lemon scent. Small lavender-pink flowers are borne in clusters.

Life Cycle: annual      Light: sun      Height: 14-20"      Pot: 4"      \$6

*Pelargonium graveolens* 'Sweet Scented'

**Scented Geranium 'Sweet Scented'**

An unusual species of scented geranium, also called "rose geranium". Its leaves are incised, velvety, soft and strongly rose-scented. Its small flowers can be pale pink or white, on an upright plant.

Life Cycle: annual                      Light: sun                      Height: 18-24"                      Pot: 4"                      \$6

*Pelargonium x hortorum* 'Brocade Cherry Night'

**Geranium 'Brocade Cherry Night'**

Bronze leaves with narrow green borders set off the bright cherry blooms. Heat tolerant and stunning!

Life Cycle: annual                      Light: sun                      Height: 12-14"                      Pot: 4"                      \$6

*Pelargonium x hortorum* 'Medium Dark Red'

**Geranium 'Medium Dark Red'**

Classic dark red geranium flowers are borne on compact plants. Deadhead for continuing bloom all summer. Wonderful in window boxes.

Life Cycle: annual                      Light: sun                      Height: 14-16"                      Pot: 4"                      \$6

*Pennisetum glaucum* 'Jade Princess'

**Ornamental Millet 'Jade Princess'**

Intense lime green leaves on upright, compact plants which bear contrasting dark brown flower plumes. Striking alone or as the "thriller" in a large pot.

Life Cycle: annual                      Light: sun                      Height: 30-48"                      Pot: 4"                      \$5

*Pentas lanceolata* 'Butterfly Red'

**Pentas 'Butterfly Red'**

Glowing in the garden, pentas' red flowers are well-named butterfly magnets. Borne over hairy green leaves in mounded clusters, the tiny flowers have light centers, resembling stars.

Life Cycle: annual                      Light: sun                      Height: 12-18"                      Pot: 4p                      \$5

*Perovskia atriplicifolia* 'Denim 'n Lace'

**Russian Sage 'Denim 'n Lace'**

In lacy foliage these bright sky-blue flowers are held on strong, upright stems. Good for hot, dry places. Long blooming.

Life Cycle: perennial                      Light: sun                      Height: 28-32"                      Pot: Quart                      \$10

*Petchoa SuperCal* 'Premium Cinnamon'

**Petchoa 'Premium Cinnamon'**

Hybrid of petunia and calibrachoa, these gorgeous flowers grow on mounded, spreading plants that are heat and disease tolerant. Blooms self clean, leaving no sticky residue to annoy those deadheading them.

Life Cycle: annual                      Light: sun                      Height: 10-14"                      Pot: 4"                      \$5

*Petunia x hybrida* 'Cascadia Indian Summer'

**Petunia 'Cascadia Indian Summer'**

Blooms open orange and mature to salmon pink. Well-branched, trailing plants are covered with flowers all summer.

Life Cycle: annual                      Light: sun                      Height: 10-12"                      Pot: 4"                      \$5

*Petunia x hybrida* 'Jelly Roll'

**Petunia 'Jelly Roll'**

Cherry-red blooms with creamy-yellow center star pattern. Semi-trailing. Looks great spilling over hanging baskets and window boxes.

Life Cycle: annual                      Light: sun                      Height: 10-16"                      Pot: 4"                      \$5

*Petunia x hybrida* 'Rhythm and Blues'

**Petunia 'Rhythm and Blues'**

Intense blue, a color rare in garden flowers, graces these classic petunias which cover the plants late into the summer. They will trail from a pot, as well.

Life Cycle: annual                      Light: sun                      Height: 8-10"                      Pot: 4"                      \$5

*Petunia x hybrida* 'Sun Spun Burgundy'

**Petunia 'Sun Spun Burgundy'**

Compact trailing petunia bears deep, warm burgundy flowers with dark throats. Stunning in basket, pot or bed.

Life Cycle: annual                      Light: sun                      Height: 6-10"                      Pot: 4"                      \$5

*Petunia x hybrida* 'Sun Spun White'

**Petunia 'Sun Spun White'**

Early-flowering petunia adds cool color to beds, pots or hanging baskets. Long-blooming.

Life Cycle: annual                      Light: sun                      Height: 6-10"                      Pot: 4"                      \$5

*Rudbeckia fulgida* var. *sullivantii* 'Little Goldstar'

**Rudbeckia 'Little Goldstar'**

Compact bushy plants are covered in late summer and fall with a cloud of yellow daisies. adorned with a dark central cone. Long-lasting in bouquets.

Life Cycle: perennial                      Light: sun                      Height: 12-24"                      Pot: 4"                      \$10

*Salvia coccinea* 'Summer Jewel Red'

**Salvia 'Summer Jewel Red'**

Early blooming, bright red flower spikes attract hummingbirds all summer, while providing bright color in beds or borders. Compact, densely branched plants.

Life Cycle: annual                      Light: sun                      Height: 16-20"                      Pot: 4"                      \$5

*Salvia elegans*

**Pineapple Sage**

Its leaves intensely fragrant of pineapple, this beautiful plant comes into its own in late summer, when spikes of bright red flowers attract hummingbirds.

Life Cycle: annual      Light: sun      Height: 36-48"      Pot: 4"      \$5

*Salvia guaranitica* 'Black & Bloom'

**Salvia 'Black & Bloom'**

Striking blue and dark blue flowers emerge from black stems amid clear green foliage. Tall plants create a stunning drift in the garden.

Life Cycle: annual      Light: sun      Height: 36-48"      Pot: Quart      \$10

*Salvia x farinacea* 'Mystic Spires Improved'

**Salvia 'Mystic Spires Improved'**

This impressive salvia has been improved for better summer garden performance, with longer flower hold for a brighter blue flower color in the garden. The sturdy, dark green-leafed plants are naturally compact, well-branched and very free-flowering. Well suited to landscapes and mixed containers.

Life Cycle: annual      Light: sun      Height: 18-24"      Pot: 4"      \$5

*Sedum rupestre* 'Angelina'

**Sedum 'Angelina'**

Glowing groundcover for dry places, its chartreuse, needle-like leaves can trail from pot or edge of wall. Clusters of yellow, starry flowers bloom in summer.

Life Cycle: annual      Light: sun      Height: 3-6"      Pot: 4"      \$5

*Tagetes patula* 'Bonanza Bolero'

**Marigold 'Bonanza Bolero'**

Deep red, tangerine and yellow double blooms, some tipped with contrasting colors, cover bushy, dark green plants all summer. Deadhead to keep them coming until frost. Nice edger for vegetable gardens.

Life Cycle: annual      Light: sun      Height: 10-12"      Pot: 4"      \$5

*Tagetes patula* 'Strawberry Blonde'

**Marigold 'Strawberry Blonde'**

Bushy plants bear multi-colored flowers in yellow, rose and pastel pink, even changing with the summer temperatures. Extraordinary marigolds!

Life Cycle: annual      Light: sun      Height: 28-32"      Pot: 4"      \$5

*Talinum paniculatum*

**Jewels of Opar**

Its common name is derived from an Edgar Rice Burrows story, as its bright fruits are jewel-like, borne on graceful stems. Native to the southern United States.

Life Cycle: annual      Light: sun      Height: 10-12"      Pot: 4"      \$5

*Thymus pseudolanuginosus*

**Woolly Thyme**

Woolly thyme blooms pale pink in early summer. Its hairy stems make it "woolly". It forms flat mats of leaves, making a ground cover attractive to bees.

Life Cycle: perennial      Light: sun      Height: 3"      Pot: 4"      \$5

*Tropaeolum majus* 'Baby Rose'

**Nasturtium 'Baby Rose'**

Unusual deep rose flowers are held above sturdy deep green foliage. Compact habit - and both flowers and leaves are edible.

Life Cycle: annual      Light: sun      Height: 10-12"      Pot: 4"      \$5

*Tropaeolum majus* 'Jewel Mix'

**Nasturtium 'Jewel Mix'**

Compact, non-trailing nasturtium has semi-double to double flowers in shades of gold, peach, red, rose and salmon. Both leaves (salads) and flowers (garnish) are edible.

Life Cycle: annual      Light: sun      Height: 10-12"      Pot: 4"      \$5

*Verbena bonariensis*

**Verbena, Tall**

Clusters of small, violet-blue flowers on strong, tall, airy stems. Attracts butterflies. A graceful "see-through" plant in flower beds.

Life Cycle: annual      Light: sun      Height: 36-50"      Pot: 4p      \$5

*Verbena peruviana* 'Wink Burgundy'

**Verbena 'Wink Burgundy'**

Flower clusters have florets that are deep burgundy with white "eyes". Plants are beautiful in planters, trailing over the sides, and attracting bees, butterflies and hummingbirds.

Life Cycle: annual      Light: sun      Height: 8-10"      Pot: 4"      \$5

*Verbena x hybrida* 'Endurascape Blue Improved'

**Verbena 'Endurascape Blue Improved'**

Clusters of luscious blue-violet flowers grace these spreading plants all summer. They attract butterflies, and are perfect trailing over the side of a planter...or a wall.

Life Cycle: annual      Light: sun      Height: 8-12"      Pot: 4"      \$5

*Verbena x hybrida* 'Endurascape Pink Bi Color'

**Verbena 'Endurascape Pink Bicolor'**

All America Selection in 2017, these long-blooming vigorous plants bear soft pink blossoms that darken toward the center. Heat and drought-tolerant, this cultivar also survives cooler fall temperatures.

Life Cycle: annual      Light: sun      Height: 8-12"      Pot: 4"      \$5

*Verbena x hybrida* 'Firehouse Red Improved'

***Verbena* 'Firehouse Red Improved'**

Forming a mounded plant that doesn't spread as much as some other verbenas, 'Firehouse Red' lives up to its name with rounded clusters of the brightest red florets. Attracts bees, butterflies and hummingbirds.

Life Cycle: annual                      Light: sun                      Height: 8-10"                      Pot: 4"                      \$5

*Zinnia elegans* 'State Fair Mix'

***Zinnia* 'State Fair Mix'**

Double flowers in shades of red, orange, purple, yellow, and pink. Attracts bees and butterflies. Disease resistant; tolerant of sun and heat.

Life Cycle: annual                      Light: sun                      Height: 30-36"                      Pot: 4"                      \$5

*Zinnia marylandica* 'Profusion Double Deep Salmon'

***Zinnia* 'Profusion Double Deep Salmon'**

Three-inch blooms are salmon on the outer petals, shading to yellow in the centers. Dense, bushy, many-flowered plant is a garden star.

Life Cycle: annual                      Light: sun                      Height: 8-14"                      Pot: 4"                      \$5

*Zinnia marylandica* 'Profusion Double Hot Cherry'

***Zinnia* 'Profusion Double Hot Cherry'**

True red zinnia that doesn't fade in summer heat. An All America Selection which blooms prolifically, its 2" semi-double flowers attract nectaring butterflies.

Life Cycle: annual                      Light: sun                      Height: 8-14"                      Pot: 4"                      \$5

## PLANTS FOR SHADE

The following pages contain descriptions of plants selected for growing in beds shaded by trees or buildings. If struggling grass in hard-packed soil describes all or part of your yard, this section of the plant sale is for you.

Soil amendment is a good first step to a healthy shade garden. Humus from your compost pile, if available, is often needed, especially under trees with shallow roots. Mulch plantings with wood chips or shredded bark to conserve moisture. Avoid planting amid tree roots.

You may begin with spring bulbs that bloom before trees fill out. Their drying leaves can then be hidden with a shady ground cover.

For the rest of the season, the choices of flowering plants would include lobelia and impatiens to provide color and contrast. Leaf texture, shape, and color will provide interest in a lovely, peaceful shade garden.

*Begonia boliviensis x hybrida* 'Million Kisses Amour'

### **Begonia 'Million Kisses Amour'**

This trailing begonia has bright red, narrow bell-shaped flowers, dazzling against its dark foliage. Perfect for hanging baskets.

Life Cycle: annual      Light: partial shade, shade      Height: 10-12"      Pot: 4"      \$6

*Begonia x benariensis* 'Whopper Rose with Bronze Leaf'

### **Begonia 'Whopper Rose with Bronze Leaf'**

These big, vigorous plants put on a show - the flowers have exceptionally bright, big blooms that continue until frost.

Life Cycle: annual      Light: partial shade, shade      Height: 24-30"      Pot: 4"      \$6

*Begonia* 'Dragon Wing Pink'

### **Begonia 'Dragon Wing Pink'**

Glossy, wing-like leaves are nearly buried in large warm pink flowers, Stunning in hanging baskets or pots.

Life Cycle: annual      Light: partial shade, shade      Height: 15-18"      Pot: 4"      \$6

*Begonia* 'Dragon Wing Red'

### **Begonia 'Dragon Wing Red'**

Scarlet flowers are pendulous and large. Angel-wing type is a good choice for hanging baskets, containers or a shady bed. Glossy green foliage is well-branched.

Life Cycle: annual      Light: partial shade, shade      Height: 12-18"      Pot: 4"      \$6

*Fuchsia* 'Dark Eyes'

### **Fuchsia 'Dark Eyes'**

Dark red outer petals of these flowers surround ruffles of deep blue. Gorgeous in hanging baskets.

Life Cycle: annual      Light: partial shade, shade      Height: 4-8"      Pot: 4"      \$5

*Fuchsia 'Gartenmeister'*

**Fuchsia 'Gartenmeister'**

Bright coral tubular flowers attract hummingbirds. Foliage is deep bronze. Tolerates some sun.

Life Cycle: annual      Light: partial shade, shade      Height: 12-14"      Pot: 4"      \$5

*Helleborus 'Honeymoon French Kiss'*

**Lenten Rose 'Honeymoon French Kiss'**

Vigorous grower produces many single white flowers with deep pink streaks. One of the earliest bloomers of spring, these long-lasting flowers grow in full to part shade.

Life Cycle: perennial      Light: partial shade, shade      Height: 12-16"      Pot: Quart      \$15

*Helleborus 'Honeymoon Sandy Shores'*

**Lenten Rose 'Honeymoon Sandy Shores'**

The large single pale apricot bells on this plant have rose pink on their backs. Early blooming flowers welcome spring and last for weeks.

Life Cycle: perennial      Light: partial shade, shade      Height: 8-12"      Pot: Quart      \$15

*Heuchera 'Primo Pretty Pistachio'*

**Coralbells 'Primo Pretty Pistachio'**

Bright lime green leaves, edged in ruffles, set off the spikes of large pink bells that bloom into fall.

Life Cycle: perennial      Light: partial shade, shade      Height: 8-12"      Pot: Quart      \$10

*Impatiens walleriana 'Beacon Select Mix'*

**Impatiens 'Beacon Select Mix'**

Highly disease-resistant, this mix includes red, coral, orange, salmon and violet shades. These much-loved plants bring luscious color to the shadiest places.

Life Cycle: annual      Light: shade      Height: 15-20"      Pot: 4"      \$5

*Plectranthus 'Mona Lavender'*

**Plectranthus 'Mona Lavender'**

Upright, rounded plant bears tubular lavender flowers in spikes over a long bloom period. Glossy, oval leaves are purple underneath.

Life Cycle: annual      Light: partial shade, shade      Height: 12-18"      Pot: 4"      \$5

*Plectranthus scutellarioides 'Alabama'*

**Coleus 'Alabama'**

Serrated, pointy leaves are lime green with bold, showy burgundy and red blotches in the center. Propagate from cuttings.

Life Cycle: annual      Light: partial shade, shade      Height: 12-18"      Pot: 4"      \$5

*Plectranthus scutellarioides 'Campfire'*

**Coleus 'Campfire'**

Big, bright coppery orange foliage glows even in part sun. Flowers are insignificant and very late.

Life Cycle: annual      Light: partial shade, shade      Height: 14-28"      Pot: 4"      \$5

*Plectranthus scutellarioides* 'Trailing Plum'

**Coleus 'Trailing Plum'**

Stunning deep red foliage has crimson-pink margins and ruffled green edges. A bold accent in containers.

Life Cycle: annual      Light: partial shade, shade      Height: 14-18"      Pot: 4"      \$5

The Oak Park Conservatory is a historic property of the Park District of Oak Park, listed on the National Register of Historic Places.
